CHABLIS

“The wines of Chablis are among the finest white wines of France. Full of spirit, they have body, finesse and a charming aroma; their light color and crystal clearness are remarkable. But above all, they distinguish themselves by their healthy properties and digestive qualities. They also elicit a good excitation of the senses that has a favorable impact on intelligence and lucidity. Not only is their high reputation perfectly justified but in my opinion their real value is even higher.”

CHABLIS Premier Cru

« BEAUROY » 2003 Domaine Sylvain Mosnier

The wine has superb presence, both on the nose which is fragrant, and on the palate, where all these characteristics are recognized within an excellent structure.

CHABLIS GRAND CRU

« BLANCHOT » 2004 Domaine Denis Race

Fresh, lively and elegant, a real Grand Cru. The color is perfect and the nose has all the Chablis characteristics such as mineral and lemons, while flavors of almonds and acacia flowers blend well together.
